The Fifth Level of Leadership – The \_\_\_\_\_ Level

People are following you at this level because of \_\_\_\_\_ and what you \_\_\_\_\_.

At the Pinnacle level, a leader's \_\_\_\_\_, his \_\_\_\_\_ and commitments are centered totally on developing \_\_\_\_\_ who will become level 4 leaders, thus creating a leadership \_\_\_\_\_ and this becomes his sole purpose for continuing to devote time to the organization.

Review of what got you here:

1. Level 1 – My \_\_\_\_\_ does not make me a leader
2. Level 2 – By focusing on building positive \_\_\_\_\_ I can develop respect and trust.
3. Level 3 – I created successes by developing a Lodge \_\_\_\_\_ and building effective \_\_\_\_\_.
4. Level 4 – I focused on \_\_\_\_\_ and \_\_\_\_\_ other leaders.

**It is time again for some self-assessment to determine how capable you are to function as a level 5 leader.**

Assess yourself in each area by answering each question with either 1) Never, 2) Sometimes or 3) Always:

3. Am I interested in finding the best way to do things, not just my way?
4. Do I practice self-control as a leader?
5. I am committed to a lifetime of personal growth.
6. Am I eager to sacrifice self-glory for the welfare of all?

To function as a Level 5 Leader we mentioned 5 behaviors and actions that you should strive to demonstrate. After each one below write a sentence on how you will practice them.
